

# FROGGER<sup>®</sup>

**FROGGER®**  
**by SEGA**

Pity poor Frogger® . All he wants is to go home! To get there he must first cross the busy highway without getting squashed, dodging the cars and trucks that whiz by. Then he must traverse a treacherous river teeming with his natural enemies (crocodiles, otters, snakes, and the like), using only slippery logs and diving turtles as stepping stones!

It's not all work, though. If Frogger meets a lady frog on the way home he might persuade her to accompany him. Occasionally he'll snag a tasty fly while in mid-leap. He shouldn't be greedy, though -- it does him no good to catch the fly and miss the bank!

**POINT VALUES**

10	Forward jump
50	Safe arrival home
5/ beat	Beating the clock
200	Escorting a lady frog home
200	Gobbling an insect
1000	Getting all five frogs home
