

# READ ME FIRST!

You have purchased a product from The B&N Companies that is **READY TO GO!**<sup>™</sup> These are the simple steps to follow to successfully install and run your new software program.

**STEP ONE:** Insert the diskette. Type **A:GO** then hit (enter)

**STEP TWO:** Follow the on-screen prompts.

Many B&N products can be run directly from the diskette, others must be installed on your hard drive. For more information, read the system requirements on the outside of the package this came in. In addition, please refer to the documentation file on your diskette.

**QUESTIONS?** Help is just a phone call away.

# Ready To GO?

## Congratulations! You've Just Purchased One Of The Next Wave In Software Titles From The B&N Companies!

The B&N Companies, Inc. was created to bring you and your family quality software products covering a wide range of interests and needs at an unprecedented price.

B&N promises to bring you software that will captivate you, excite you and inform you. Software that will help you organize your life, your work or your home. We'll help teach your children math, spelling and foreign languages, and teach you the inner workings of your computer. And, just for fun, we'll bring you the best in computer games.

Finally, we will give you value that will truly amaze you. We've brought together several families of products, each with a specific focus, to help you identify and select the software you need.

Hey! Gimme  
That **FREE**  
Software!
